

FOR IMMEDIATE RELEASE

Robert A. Kerr, DDS Selected For Inclusion in Top Dentists In Atlanta

Select list of Top Dentists published in the January and February issues of Atlanta Magazine.

(ATLANTA, GA) - Atlanta Magazine has published an authoritative list of Top Dentists in the metro area that includes Robert A. Kerr, DDS. Dr. Kerr is among 400 dentists who have been selected by their peers within the dental community for inclusion in this select list.

In addition to general dentistry, the list of Top Dentists published in Atlanta Magazine includes the specialty areas of Endodontics, Oral & Maxillofacial Surgery, Oral Pathology, Orthodontics, Pediatric Dentistry, Periodontics and Prosthodontics.

The Atlanta-area list was the result of an in-depth survey and research conducted by the firm topDentists, LLC of Augusta, GA. Based on thousands of detailed evaluations of dentists and professionals by their peers, dentists were selected for inclusion. The survey process included the question: "If you had a patient in need of a dentist, which dentist would you refer them to?".

Dentists and specialists were asked to take into consideration years of experience, continuing education, manner with patients, use of new techniques and technologies, and, of course, physical results. Voters were asked to individually evaluate the practitioners on their ballot whose work they are familiar with.

The nomination pool of dentists consisted of all dentists listed with the American Dental Association, as well as, all dentists listed with their local dental societies.

Nominations are then carefully screened and vetted against state dental boards for further confirmation of the dentist's standing within the dental community.

Mark Barkley, president of topDentists says "to be included in a list such as Top Dentists is particularly rewarding because this is recognition among peers within the dental

community and is based upon input from dentists and specialists about those who they respect the most within their own profession.”

Sean McGinnis, publisher of Atlanta Magazine, added, “our readers appreciate quality service and they are certain to refer to this list of Top Dentists throughout the year whenever they, or a family member, are in need of a dental professional as these select dentists represent the tops in their field.”

The complete database of Atlanta-area dentists, in addition to Top Dentist lists from across the nation can be found at www.usatopdentists.com.

About Atlanta Magazine: Currently in its 48th year, Atlanta Magazine has long been the region’s leading lifestyle and general interest publication with a focus on award-winning editorial content. The magazine is a National Magazine Award winner for feature writing and offers the largest paid circulation and newsstand sell-through of any local publication serving the Atlanta metro area.

About topDentists LLC topDentists was started in January 2007 with the intent to identify the best dentists and specialists in the country and is the only list of its kind – chosen by the dental profession. topDentists has over 20 years in combined experience by its two co-owners putting together peer-review referral guides in the legal, dental and medical fields. Using this experience along with the input of several prominent dentists in the United States, topDentists has created a selection process that has been refined and improved over previous superlative guides. Because dentists must be voted in strictly by their peers, and virtually every dentist is given an opportunity to participate, and listings cannot be purchased, inclusion in topDentists is considered to be a distinct honor.
